7.1 General safety:

It is every cyclist's responsibility, as a participant of Safe Cycle Rides, to behave in a manner that reflects an awareness to his/her personal wellbeing and the wellbeing of fellow cyclists and other road or trail users. Good cycling etiquette is expected on every ride. Cyclists are expected to follow the guidelines for safe riding. Failure to do so may result in disciplinary action.

7.2 Obey the rules of the road:

Cyclists must conduct themselves in a manner suitable to all road users, particularly motorists.

7.3 Cyclists must be aware of and courteous towards motorists.

7.4 CYCLISTS ARE EXPECTED TO STOP AT RED TRAFFIC LIGHTS – no exceptions.

7.5 Only two abreast or single file riding will be allowed.

7.6 Two abreast riding is only allowed when it is safe to do so. Single file riding is imperative when road conditions or circumstances leave the cyclist no alternative to remaining safe.

7.7 Cyclists are expected to listen to the instructions from group leaders and exercise extreme caution and discipline when passing another peloton. DO NOT FAN OUT.

7.8 Obey the Group Leaders Group Leaders act as marshals on each ride. They are there to ensure cyclists remain safe and enjoy the rides. They set the pace and are in charge of each ride. Cyclists are asked to assist group leaders so that the rides proceed smoothly.

7.9 Cyclists may NOT surge ahead of the group leader.

7.10 Cyclists are expected to ride in a consistent manner; to keep a predictable line.

7.11 Cyclists must indicate before making a move.

7.12 Cyclists must call out any hazards they come across. The rider in front is responsible for indicating potential hazards. Cyclists are expected to learn and know the various hand signals needed for Safe Cycle Rides.

7.13 Cyclists must keep an even pace and should not brake or slow down unexpectedly, as this has a compounding effect on the following pack.

7.14 Cyclists must stand without dropping back and call before standing out of the saddle, taking care not to lose half a wheel.

7.15 Cyclists must keep an adequate distance to avoid overlapping of wheels/bikes.

7.16 No tri bikes or aero bars will be allowed on Safe Cycle Rides.

7.17 Cyclists are encouraged to report members that contravene the rules of Safe Cycle Rides and the Group Leader.

7.18. A specific pace and distance will be advertised prior to the commencement of all rides. It is each cyclist's responsibility to maintain this advertised pace and distance. Failure to do so may result in immediate suspension, with the rider being sent to the safety vehicle for the remainder of the ride.

7.19 All participants must be 18 years or older.
